Beside the champienship four other sets were in the field, but in those the play was at the semi-finals, one stage behind. The difference was brought about by the congestion the first day, which caused the finals in all except the title divisions to be cut to eighteen holes. There were also four consolation sets out, beside a big handicap competition for which fully one hundred entered.

On the first round Travers ended up on Kirby. It was on the whole the best round played thus far in the East this season. Travers approached like a wisard at half a dozen points, seemingly having the balls bewitched. Kirby made a fine start, with a 3 against 4 for perfect play, while Travers took 5 after getting into the rough. Travers equared the match on the second by approaching close and taking 3 to his partner's 4. Kirby got bunkered on the third and took a 5 then, while Travers tailied in 4, half a stroke under the strict allowance.

It is Criminal to Neglect the Skin and Hair

THINK of the suffering entailed by neglected skin troubles — mental because of disfiguration, physical because of pain. Think of the pleasure of a clear skin, soft, white hands, and good hair. These blessings, so essential to happiness and even success in life, are often only a matter of a little thoughtful care in the selection of effective remedial agents. Cuticura Soap and Cuticura Ointment do so much for poor complexions, red, rough hands, and dry, thin and falling hair, and cost so little, that it is almost criminal not to use them.

Although Cuticura Soap and Oint-ment are sold by druggists and dealers everywhere, a postal to "Cuticura," Dept. B, Boston, will secure a liberal sample of each, with 32-page bookiet on Skin and Scalp Treatment.
